

BLUE LIGHT GALLERY

Hanging & Display Space Weekly Hire

The gallery offers a 3m square gallery space with display cabinets shelving & a professional hanging system. It is supervised during opening hours since it is part of Masham's Community Office and Tourist Information Point, promoted widely via www.vistmasham.com

Although not large, the gallery is a friendly and welcoming space that attracts a high number of visitors and will have trained staff available at all times to advise on artists and carry out sales transactions.

This is an excellent opportunity for:

- Artists or makers wishing to exhibit and sell work for short, flexible periods
- Established artists or makers to trial new work
- Artists and makers just starting to establish their exhibiting career
- Art or craft groups to showcase the work of their members
- The sale of any high quality art or craft items being sold to raise funds for charity

Charges are on a weekly basis. Rates to use the space are as follows:
